Program Overview

Our internship program is designed for students and recent graduates who are passionate about learning to work with children with autism. The program includes:

- **Clinical Training:** Work alongside experienced professionals in clinical setup.
- **Seminars:** Participate in educational sessions on autism spectrum disorders and therapeutic techniques.
- **Mentorship:** Receive guidance and support from our team of experts.
- **Hands-On Experience:** Directly interact with children and their families in therapeutic settings.

Why Choose Our Internship Program?

SPECIALTY CLINIC

Work with a diverse patient population, including children with developmental delays and adults with psychological disorders.

MULTIDISCIPLINARY TEAM

Collaborate with Psychologists, Physiotherapists, Occupational Therapists, Speech Therapists, Special Educators and other professionals to provide holistic care.

BEHAVIOR MODIFICATION TECHNIQUES

Learn evidence-based methods to address behavioral challenges and promote positive changes.

COMPREHENSIVE ASSESSMENTS

Gain hands-on experience with psychological assessments, diagnosis, and intervention planning.

Eligibility Criteria

- Students or graduates in psychology, special education, social work, or related fields only.
- Strong interest in working with children with autism.
- Good communication and interpersonal skills.
- Ability to commit to the full duration of the internship.
